My dear Yudkin:

Thank you for your note of the 17th. We have never had the slightest difficulty in its receiving cultures from abroad, including England. I am enclosing a green customs sticker which should be affixed to the outside of the parcel & which will ensure its clearance. I am also enclosing address labels for your convenience.

I would count it a great favor if you could let me have a copy of your Ciba ms. to borrow, or at least the gist of the section describing the transformations for proflavine-resistance.

Yours sincerely,

Joshua Lederberg
